## EXPERIENCE

---

**Freelancing React Developer** Jan 2022 - Current

- Created front-end of various websites using ReactJS, Material UI, Tailwind.
- Deployed the front-end on aws ec2 and firebase as backend service.
- Converted vanilla java script website to ES6 fromat.

## PROJECTS

---

**Github Finder App** Built a tool to search for Github users and display their info. Used GIT APIs to get the user data and consuming these APIs with ReactJS and deployed it on Vercel with CI/CD pipeline [Live Demo](#)

**Housing Marketplace App** Created CRUD operations for finding and listing houses for sale or for rent by using ReactJS on Front-end and firebase on back-end. User can create listing of houses with images and description. [Live Demo](#)

**Youtube Clone** Created a youtube clone with ReactJS for front-end and consuming APIs from RapidAPI. The UI has been enhanced using Material UI. [Github](#)

## EDUCATION

---

**Front-end Developer Bootcamp** , iOTA training center 2022 Jan- 2022 July, Delhi, IN  
Framework Used: React.Js, [Certificate](#)

**Bachelor of Commerce** , HN BG University 2015 - 2017, Dehradun, IN  
Major: Statistics and Accounting, Scored second division

**Senior Secondary**, SGRR Public School 2013 - 2014, Dehradun, IN  
Highlight: Scored 77% in mathematics
